All trains will move with caution between west yard limit and east switch Fairbank.

Trains to and from Benson-Fairbank Branch may move under block signal indication between east switch Fairbank and Benson Jct. after receiving authority from train dispatcher to occupy main track. Eastward trains on Benson-Fairbank Branch must not pass block signal 10464 on branch or foul main track until authorized by train dispatcher. Normal indication of signal 10464 will be Stop, except when main track switch Benson Jct. is lined for Benson-Fairbank Branch, signal will then indicate Proceed if block is clear. Benson-Fairbank Branch trains must avoid delaying main line trains and must not pass block signal 10464, or signal 10477, if in other than Proceed position, except as provided by Rule 99.

Trains except first class, must move with caution between Douglas and west switch Calumet.

RULE 5. Time for westward trains at Mescal applies at west end of westward crossover, and for eastward trains applies at east end eastward crossover.

Where bus connection is provided at Bisbee Jct. conductor of passenger trains scheduled to stop will ascertain if bus has arrived, or ask for instructions.

RULE 5. Time at Anapra applies as follows: For westward trains at west switch of east crossover; for eastward trains on Deming Subdivision at east switch of west crossover; and for eastward trains on Hachita Subdivision at east switch of east crossover.

RULE 93. First-class trains enter and leave El Paso Union Depot on yard tracks within interlocking limits of Tower 196. Employes are subject to Rules and Regulations of El Paso Union Depot Co. within limits of that company.

Eastward trains must not pass Signal 12898 in stop position, and westward trains must not pass Signal 12901 in stop position, unless authorized orally by train-order operator at Anapra. Proceed, or proceed on diverging route indication in either of these signals will supersede the superiority of trains between east and west crossovers at Anapra.

RULE 5. Schedule times shown in small type indicate special instructions in the timetable govern movement.

RULE S-72. Westward trains are superior to trains of the same class in the opposite direction, except as noted on page 10.

RULE 105. Sidings designated "E" in Capacity of Sidings column are assigned for use by eastward trains. Those designated "W" are assigned for use by westward trains. Those designated "N" or "S" are assigned for use by trains as shown in special instructions for the subdivision on which located.

Capacity of Sidings column indicates the number of cars of average length of 49 feet that siding will hold between fouling points, in addition to one steam engine and caboose.

SPECIAL INSTRUCTIONS—MESCAL SUBDIVISION

RULE 82-A. Regular trains and sections of schedules authorized on Bowie Subdivision of Tucson Division are authorized to assume corresponding schedules or sections of schedules on Mescal Subdivision at Mescal without clearance.

Eastward trains may leave Mescal without clearance provided train is properly cleared by train-order signal.

Schedule of No. 945 may be assumed by crew arriving Patagonia on No. 944 without clearance.

Westward trains Patagonia Branch must not foul Mescal-Douglas main track Fairbank until authorized by train dispatcher.

Schedule of No. 941 may be assumed by crew arriving Tombstone on No. 940 without clearance.

Schedule of No. 943 may be assumed by crew arriving Ft. Huachuca on No. 942 without clearance.

RULE 83-A. At the following stations only the trains indicated will register:

Fairbank.....Trains originating and terminating.

RULE 83-B. At open train-order offices, trains may register by ticket as follows:

Mescal.....All trains.

Douglas, Nos. 1, 2, 3, 4 and 40.

When a regular train is checked on Bowie Subdivision of Tucson Division or Mescal Subdivision, it will not be necessary to check the register at Mescal against the same train.

RULE 105. Following tracks are designated for use as sidings:

Lewis Springs. Siding located east of station building on north side of main track.

Hereford. Siding located opposite station building on north side of main track, extending eastward from turnout east of stock pen.

Naco. Siding located opposite station building on north side of main track. Switch leading to Edison water spur from siding near west end must be left lined for movement into water spur.

RULE 204-A. Trains to or from Bowie Subdivision of Tucson Division moving to or from Mescal Subdivision, with the same conductor and engineer operating through Mescal, may be issued train orders or clearance on one subdivision that affect their movements on either, or both subdivisions.

RULE 221. Light will not be displayed in train-order signal at Curtiss, except when train-order operator is on duty.

Westward trains not cleared by train-order signal at Mescal will receive clearance over initials Rio Grande Division chief train dispatcher and may include train orders issued by either or both Divisions.

Eastward trains leaving Tucson for Mescal Subdivision must receive clearance over initials Tucson Division chief train dispatcher and may include train orders issued by either or both Divisions.

Clearance for schedules and sections moving via Mescal Subdivision will authorize such trains through to Douglas.

SPECIAL INSTRUCTIONS—HACHITA SUBDIVISION

RULE 82-A. Eastward regular trains and sections of schedules from Hachita Subdivision may assume the same schedules or sections of schedules on Deming Subdivision at Anapra without clearance, provided train is properly cleared by train-order signal.

Eastward extra trains from Hachita Subdivision may leave Anapra without clearance, provided train is properly cleared by train-order signal.

Crews ordered for regular trains and sections thereof at El Paso (Union Depot), may assume those schedules or sections without obtaining a clearance, and crews ordered for extra trains at Alfalfa unit or other units of El Paso yard, may leave without obtaining a clearance and will move on yardmaster's instructions and signal indication to Anapra, where a clearance O.K.'d by chief train dispatcher must be obtained.

Train indication markers and signals, if any, will be displayed from El Paso (Union Depot), Alfalfa unit or other units of El Paso yard as instructed by yardmaster or by telegram from chief train dispatcher.

Trains from Alfalfa unit, El Paso yard, approaching Signal 8263 will sound whistle signal code for route, and if stopped must call signal operator, at Tower 47, and be governed by his instructions before applying block signal rules to proceed. Telephone located on pole opposite Signal 8263.

RULE 83-B. At open train-order offices, trains may register by ticket as follows:

Douglas, Nos. 1, 2, 3, 4 and 40.

Anapra, All trains.

RULE 96. Form F train orders reading to Anapra or clearance from Hachita Subdivision will apply to El Paso (Union Depot), or El Paso (Cotton Ave.) on Deming Subdivision.

RULE 204. Trains of Deming and Hachita Subdivisions with the same conductor and engineer, operating through Anapra, may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

RULE D-71. Trains may move between Anapra and El Paso, Cotton Avenue, and/or Alfalfa unit, El Paso yard, with the current of traffic irrespective of timetable superiority, but must avoid delaying first-class trains.

Main tracks between Alfalfa unit, El Paso yard, and Tower 196 will be used jointly by Deming and Alamogordo Subdivision trains and (T&NO) San Antonio Division trains but movements between these points must be made with caution, expecting to find main track occupied.

Trains and engines moving via Icehouse Crossover to Tower 196 on T&NO track must run with caution, expecting to find track occupied.

Semi-automatic signal on No. 2 track west of Icehouse Crossover will display caution indication when switch to crossover from No. 2 track to T&NO track is lined and Signal 8314 at east end of crossover displays stop indication.

RULE 82-A. Crews ordered for regular trains and sections thereof at El Paso (Union Depot), may assume those schedules or sections without obtaining a clearance, and crews ordered for extra trains at Alfalfa unit or other units of El Paso yard, may leave without obtaining a clearance and will move on yardmaster's instructions and signal indication to Anapra, where a clearance, O.K.'d by chief train dispatcher, must be obtained.

Train indication, markers and signals, if any, will be displayed from El Paso (Union Depot), Alfalfa unit or other units of El Paso yard as instructed by yardmaster or by telegram from chief train dispatcher.

Trains from Alfalfa unit, El Paso yard, approaching Signal 8263 will sound whistle signal code for route, and if stopped must call signal operator, at Tower 47, and be governed by his instructions before applying block signal rules to proceed. Telephone located on pole opposite Signal 8263.

Clear interlocking signal Tower 47 for movement to eastward main track will authorize engines to move Tower 47 to Alfalfa unit, El Paso yard.

Standard clock located in yardmaster's office at Alfalfa unit, El Paso yard, and conductor will show on margin of train register ticket thrown off at Anapra the time watch was compared with standard clock. Operator Anapra will enter this information on train register.

Eastward regular trains and sections of schedules from Hachita Subdivision may assume similar schedules or sections of schedules on Deming Subdivision at Anapra without clearance, provided train is properly cleared by train-order signal.

Eastward extra trains from Hachita Subdivision may leave Anapra without clearance, provided train is properly cleared by train-order signal.

RULE 83-B. At open train-order offices, trains may register by ticket as follows:

Anapra, All trains. Trains originating El Paso (Union Depot), must show time of departure from El Paso (Union Depot) on register ticket left at Anapra.

Conductors of trains terminating at El Paso (Cotton Ave.) or Alfalfa unit of El Paso yard must leave register ticket with waybills.

RULE 96. Form F train orders reading to Anapra or clearance from Hachita Subdivision will apply to El Paso (Union Depot), or El Paso (Cotton Ave.) on Deming Subdivision.

RULE D-97-A. Applies between Anapra and Tower 47.

RULE 105. Following tracks are designated for use as sidings.

Strauss.....Siding is first track south of main track.

RULE D-151. Tracks between Anapra and Tower 47 will be numbered and unless otherwise authorized will be used as double track:

No. 1 Track for westward trains;

No. 2 Track for eastward trains.

RULE 204. Trains of Deming and Hachita Subdivisions with the same conductor and engineer, operating through Anapra, may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

RULE 221. Clifton is train-order office 7:00 AM to 4:00 PM daily except Saturday, Sunday and Holidays.

Between 4:00 PM and 7:00 AM daily, and on Saturday, Sunday and Holidays trains originating may leave Clifton without a clearance.

Light will not be displayed in train-order signal at Duncan except when train-order operator is on duty.

RULE D-251. Will apply as follows:

On No. 2 Track, Anapra to El Paso (Cotton Ave.).

On No. 1 Track, El Paso (Cotton Ave.) to Anapra.

On both main tracks between Tower 47 and Alfalfa unit, El Paso yard, but second and inferior class trains, extra trains and engines must avoid delaying first-class trains.

SPECIAL INSTRUCTIONS—ALAMOGORDO SUBDIVISION

RULE D-71. Trains may move between Anapra and El Paso, Cotton Avenue, and/or Alfalfa unit, El Paso yard, with the current of traffic irrespective of timetable superiority, but must avoid delaying first-class trains.

Main tracks between Alfalfa unit, El Paso yard, and Tower 196 will be used jointly by Deming and Alamogordo Subdivision trains and (T&NO) San Antonio Division trains but movements between these points must be made with caution, expecting to find main track occupied.

RULE 82-A. Crews ordered for regular trains and sections thereof at El Paso (Union Depot), may assume those schedules or sections without obtaining a clearance, and crews ordered for extra trains at Alfalfa unit or other units of El Paso yard, may leave without obtaining a clearance and will move on yardmaster's instructions and signal indication to Planeport, where a clearance, O.K.'d by chief train dispatcher, must be obtained.

Train indication, markers and signals, if any, will be displayed from El Paso (Union Depot), Alfalfa unit or other units of El Paso yard as instructed by yardmaster or by telegram from chief train dispatcher.

Trains from Alfalfa unit, El Paso yard, approaching Signal 8263 will sound whistle signal code for route, and if stopped must call signal operator, at Tower 47, and be governed by his instructions before applying block signal rules to proceed. Telephone located on pole opposite Signal 8263.

RULE 83. If visual identification is made by eastward trains between El Paso (Union Depot) and Tower 47, identification will apply at end of double track.

RULE 83-B. At open train-order offices, trains may register by ticket as follows:

Planeport, All trains. Trains originating El Paso (Union Depot), must show time of departure from El Paso (Union Depot) on register ticket left at Planeport.

Conductors of trains terminating at El Paso (Cotton Ave.) or Alfalfa unit of El Paso yard must leave register ticket with waybills.

Carrizozo, Nos. 3, 4, 39 and 40.

RULE D-97-A. Applies between Anapra and Tower 47.

RULE D-251. Will apply as follows:

On No. 2 Track Anapra to El Paso (Cotton Ave.).

On No. 1 Track El Paso (Cotton Ave.) to Anapra.

On both main tracks between Tower 47 and Alfalfa unit, El Paso yard, but second and inferior class trains, extra trains and engines must avoid delaying first-class trains.

SPECIAL INSTRUCTIONS—SANTA ROSA SUBDIVISION

RULE 82-A. Crew arriving French on No. 974 may assume schedule of No. 975 without clearance.

RULE 83-B. At open train-order offices, trains may register by ticket as follows:

Carrizozo, Nos. 3, 4, 39 and 40.

RULE 91. Westward trains between MP 1673.0 and Campana must keep not less than fifteen minutes apart.

RULE 105. Following tracks are designated for use as sidings:

Vaughn. First track north of main track is eastward siding. Second track north of main track is westward siding.

Santa Rosa. First track north of main track is westward siding. Second track north of main track is eastward siding and connects with westward siding at both ends. West switch of eastward siding must be left lined for westward siding, and east switch of eastward siding must be left lined for eastward siding.

RULE 221. Light will not be displayed in train-order signal at following stations, except when train-order operator is on duty.

Mosquero, Roy.
